CAPABILITY STATEMENT · 2026

HEAVY EQUIPMENT REPAIRS AND PERFORMANCE SOLUTIONS.

Supporting civil, construction and mining operations with reliable workshop capability.

TMSOZ.COM.AU · INFO@TMSOZ.COM.AU · 19 BENMUNI ROAD, WANNEROO WA 6065

WHAT WE DO

SPECIALIST WORKSHOP CAPABILITY FOR HEAVY EQUIPMENT.

TMS Oz delivers reliable repair, maintenance and performance solutions for heavy equipment across civil, construction and mining industries.

01 HEAVY EQUIPMENT REPAIRS

Major repairs and workshop based projects.

We handle large scale repairs and rebuilds for heavy equipment in our fully equipped workshop.

02 MAINTENANCE AND SERVICING

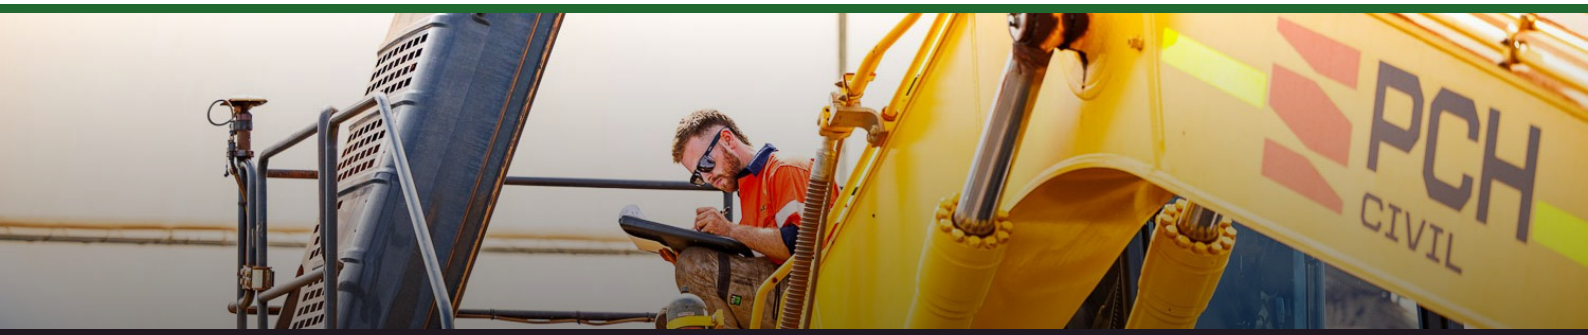

Reliable maintenance that keeps you moving.

We provide ongoing servicing and preventative maintenance to reduce downtime and extend equipment life.

03 ECU REMAPPING AND PERFORMANCE

Performance optimisation for heavy equipment.

We improve power, efficiency and overall equipment performance through specialised ECU remapping solutions.

WHO WE WORK WITH

BUILT FOR CIVIL, CONSTRUCTION AND MINING.

CIVIL CONTRACTORS

Road, drainage and infrastructure plant kept in service across the project lifecycle.

CONSTRUCTION COMPANIES

Earthmoving, site machinery and supporting fleet maintained to keep build programs on schedule.

EARTHMOVING AND PLANT HIRE BUSINESSES

Hire fleets serviced, repaired and remapped to maximise utilisation and resale condition.

MINING OPERATIONS

Mine spec workshop and component support — built for the conditions WA operations demand.

OUR FOCUS

We work with operators who rely on equipment performance, uptime and reliability to keep projects moving.

OUR CAPABILITY

WORKSHOP CAPABILITY BUILT FOR LARGER, MORE DEMANDING JOBS.

Our workshop is built to deliver consistent, high quality results across a wide range of heavy equipment and larger scale repair work.

WORKSHOP BASED REPAIRS AND PROJECTS

A dedicated facility set up for major equipment repair and rebuild work — not a roadside fix.

SET UP TO TAKE ON LARGER, MORE COMPLEX JOBS

Equipped and resourced for the projects that require proper workshop capability — not roadside repairs.

EXPERIENCED TEAM ACROSS MULTIPLE SECTORS

Strong knowledge across civil, construction and mining equipment.

EQUIPMENT AND TOOLING TO SUPPORT HEAVY MACHINERY

Specialist tooling, diagnostic equipment and facilities matched to the work we take on.

WHY IT MATTERS

Built for operators who need serious workshop capability they can rely on to keep equipment running and projects moving.

04

WHY TMS OZ

BUILT FOR RELIABILITY. BACKED BY EXPERIENCE. DRIVEN BY PERFORMANCE.

HIGH QUALITY WORKMANSHIP

Work is completed to a high standard with attention to detail and long term reliability.

CONSISTENT AND RELIABLE DELIVERY

Clients know what to expect every time — repeat outcomes, not one-off results.

STRONG INDUSTRY EXPERIENCE

Knowledge and capability built across civil, construction and mining sectors.

FOCUS ON PERFORMANCE, NOT JUST REPAIRS

We don't just fix equipment. We focus on improving how it runs.

PROJECT SCOPE

HEAVY EQUIPMENT WORK WE HANDLE.

01 **MAJOR EQUIPMENT REPAIRS**
Large scale repair work on heavy equipment — engines, drivelines, hydraulics and structural.

02 **COMPONENT REBUILDS**
Specialist component overhauls returned to factory specification.

03 **WORKSHOP BASED PROJECTS**
Larger, more complex jobs that require workshop facilities and dedicated time.

04 **FLEET MAINTENANCE PROGRAMS**
Scheduled servicing programs designed to extend life and reduce unplanned downtime.

05 **PERFORMANCE UPGRADES AND REMAPPING**
ECU remapping and aftermarket upgrades to lift power, efficiency and reliability.

We support a wide range of equipment and project requirements across multiple industries.

EQUIPMENT AND WORK SCOPE

WHAT WE WORK ON.

- Excavators
- Loaders
- Dozers
- Trucks and support equipment
- Hydraulics and driveline systems
- Civil, construction and mining equipment
